- A departure tax of \$15 per person is due when departing the Victoria Falls, Hwange National, Harare and/or Kariba Airports. Guests are required to settle this in cash at the applicable airport with exact funds as change can be difficult to ensure.
- Check-in for all flights is 1 hour prior to departure. Any guest arriving less than 30 minutes before the stipulated departure time may have their seat cancelled to avoid knock-on effects on the schedule for the remainder of the day.
- Luggage, including both check-in and carry-on (handbag, backpack, camera equipment, sleep apnoea machine, etc.), is restricted to a maximum of 20 kg (44 lb) per person travelling on seat rates.
- Luggage dimension 25cm (10 inches) wide x 30cm (12 inches) high x 62cm (24 inches) long. No wheels/frames/ rigid structures allowed.
- For additional luggage or camera equipment, extra allowance should be pre-purchased per sector.
- As safety and quality air service is a strict focus for us, it is vital that we manage all weight and balance calculations ahead of time. Prior to travel, we therefore require the weights of all guests that weigh more than 100 kg (220 lb). Please note this is purely for planning purposes and ensuring the aircraft's calculations are within the legal limitations.
- Passengers travelling on a seat-in-plane rate basis may have up to 2 stops en route to their final destination.
- The above rates are only valid for bookings made at least 14 days prior to departure. A cancellation policy is applicable.
- On occasion, flights may be affected due to extreme weather conditions. The safety of guests is paramount, and the charter company reserves the right to delay departures or cancel a flight if the conditions are too risky to fly in. We cannot be held responsible for any changes, delays or cancellations due to weather conditions beyond our control. As such, guests should have sufficient and applicable travel insurance in place for this.
- All circuit flights to and from Robert Gabriel Mugabe International Airport (Harare) must include a Meet & Assist service at US\$ 25.00 per person (minimum 2) will need to be added to the relevant seat rates to cover this service.
- Air transfer rates to Sapi Reserve are applicable for guests staying at Tembo Plains Camp in the Sapi Reserve.
- Minimum 2 guests are required on all sectors.
- The above flying times are indicative and could vary depending on the aircraft used.

- All rates are nett and non-commissionable.
- Guests cannot connect to Sapi Reserve from Victoria Falls ex scheduled commercial flights, nor from Sapi Reserve back to Victoria Falls for onward scheduled commercial flights, as timings do not allow for the connections. In these instances, an overnight in Victoria Falls will be required. As such, guests are recommended to book a private charter if they wish to catch same-day connecting regional and international flights leaving Zimbabwe.
- Payments for flying services are governed by our standard payment policy, which is available on request.
- Air transfers cancelled more than 14 days prior to departure date incur no cancellation fee.
- If air transfers are cancelled within 14 days prior to travel, 100% of the total fare is liable.
- We can accept no responsibility for any delays caused by unforeseen circumstances, mechanical breakdowns, diversions due to weather or any other cause. However, we will endeavour to rectify the situation to the best of our ability.
- Our flying partners may substitute the originally confirmed aircraft due to unforeseen factors.
- Prices are based on current fuel pricing and applicable government taxes in Zimbabwe. An escalation in fuel and/or taxes will influence the price and we reserve the right to adjust the prices quoted without prior notification.
- Certain airstrips may be out of service during Zimbabwe's rainy season (typically November to April). In these cases, the closest alternative airstrip will be used. It is imperative that passengers have adequate Travel Insurance to cover cancelled flights, costs of alternative accommodations/arrangements and possible missed onward connections.
